

What you can do!

I want organizations to stop the testing of animals and let these animals have peace. Put them in a place where they can have freedom and live a good life and not feel in danger of tests from these scientists.

We all need to send letters to the government stating how we feel about the issue so they have an understanding. We don't want animals being used to develop cosmetics to make us look better because we really care about our animals. We want to put an end to this problem as soon as possible.

THE GOVERNMENT NEEDS TO STEP IN and STOP THIS ISSUE!!!!!!
